

EIM ACCESS

MEMBERSHIP

We are excited to introduce EIM's Access Membership – a subscription that gives you education at your pace and on your time. We have partnered with EIM to give you access to the Premier Level membership as a benefit of being a part of the EIM Pro network.

Here is what the Premier Level Access Membership offers:

- **Flexible Learning** – learn on your own time with mobile-friendly, self-paced content
- **Evidence-Based Content** – choose from content created by EIM faculty from the latest research
- **Educational Journeys** – chart a career path by taking a variety of courses that can be applied into programs

We hope you take full advantage of Access Membership and the educational pathways you can begin building for yourself.

What's Next What's Next

You will automatically be added as a student in EIM Access Membership and receive an email asking you to confirm your account and log in. This email comes from Teachable, the platform that hosts the educational content, not EIM. Please follow the instructions in the email to set up a password and access your new benefits.

Reach out to access@eimpt.com for any technical issues.
