

Advanced Practice Certification Application

Thank you for applying for the Advanced Practice Certification. This certification is designed to enhance your expertise and advance your clinical skills based on your clinical practice and areas of interest. You will be enrolled in our three core courses and will choose seven (7) electives from a variety of topics.

Applicant Name: _____

Mobile Phone Number: _____ Email: _____

All applicants will be enrolled in the following:

Course Name	PT	PTA	OT	OTA	ATC	Other
Evidence Based Practice Level I	●	●	●	●	●	○
Clinical Reasoning	●	●	●	●	●	○
Pain Neuroscience Education	●	●	●	●	●	●*

Please select seven from the following online self-paced courses:

Course Name	PT	PTA	OT	OTA	ATC	Other
Career/Business						
<input type="checkbox"/> Career Edge: Professionalism and Compensation	●					
<input type="checkbox"/> Career Edge: Billing and Documentation	●					
<input type="checkbox"/> Career Edge: Burnout and Time Management	●				●	
<input type="checkbox"/> Career Edge: Marketing and Practice Models	●					
<input type="checkbox"/> Preventing & Treating Burnout in PT	●	●	○	○	○	○
Geriatrics						
<input type="checkbox"/> Exercise Prescription in Geriatric Rehab	●	●	●	○	○	○
<input type="checkbox"/> Hospice and End of Life Considerations	●	●	●	●		
<input type="checkbox"/> Integumentary Conditions in the Older Adult	●		●	●		
<input type="checkbox"/> Wellness and Health Promotion for the Older Adult	●		●	●		
Functional Dry Needling						
<input type="checkbox"/> Introduction to Clinical Integration (Functional Dry Needling)	●		○		○	
<input type="checkbox"/> History & Evolution of Dry Needling	●					
<input type="checkbox"/> DN+ Athletes: Management of Climbing Injuries	●		○		●	○
<input type="checkbox"/> DN+ Clinical IQ: FDN for Cervicogenic Headaches	●		○		○	○
<input type="checkbox"/> DN+ Clinical IQ: Dry Needling for Prenatal and Postpartum Population	●		○		○	○
<input type="checkbox"/> DN+ Pain Series: Pain, Neuroplasticity and Dry Needling	●		○		○	○
Integrative Behavioral Health						
<input type="checkbox"/> Introduction to Behavioral Health for Rehab Providers	●	●	●	●	●	●*
<input type="checkbox"/> Special Topics in Behavioral Health 1: Diagnosis	●	●	●	●	○	●*
<input type="checkbox"/> Social Determinants of Pain	●	●	●	●	○	○
Hand Therapy						
<input type="checkbox"/> Introduction to Hand Therapy	●		●	●	●	
Hyperbaric Medicine						
<input type="checkbox"/> Hyperbaric Medicine: Then, Now and How	●	●	●	●	○	○
<input type="checkbox"/> Long COVID Treatment with Hyperbaric Oxygen Therapy	●	●	●	●	○	○
<input type="checkbox"/> Post-Stroke Recovery (Hyperbaric)	●	●	●	●	○	○
<input type="checkbox"/> Treatment of Traumatic Brain Injury and Post-Concussion Syndrome (Hyperbaric)	●	●	●	●	○	○

Course Name	PT	PTA	OT	OTA	ATC	Other
Lifestyle Medicine						
<input type="checkbox"/> Lifestyle Medicine	●	●	○	○	○	○
<input type="checkbox"/> Emotional Wellbeing and Pain	●		●	●		○
<input type="checkbox"/> Mindfulness & Meditation for Pain	●		●	●		○
<input type="checkbox"/> Nutrition & Pain	●	●	●	●		○
<input type="checkbox"/> Sleep & Pain	●	●	●	●		○
Pain Science						
<input type="checkbox"/> Complex Regional Pain Syndrome	●	●	●	●	○	○
<input type="checkbox"/> Graded Motor Imagery 101	●	●	●	●	○	○
<input type="checkbox"/> I Hurt because I'm Old...Really?	●	●	●	●	○	○
<input type="checkbox"/> Pain Neuroscience Education and Kids	●	●	○	○	○	○
<input type="checkbox"/> Pain Science: Hands-on or Hands-off?	●	●	●	●	○	○
<input type="checkbox"/> Pain Mechanisms 101	●	●	○	○	○	○
<input type="checkbox"/> Phantom Limb and Graded Motor Imagery	●	●	○	○	○	○
<input type="checkbox"/> Preoperative Pain Neuroscience Education	●	●	●	●	○	○
<input type="checkbox"/> Trauma Informed Care & Establishing Therapeutic Alliance	●	●	●	●	○	○
<input type="checkbox"/> Words that Harm & Words that Heal	●	●	●	●	○	○
<input type="checkbox"/> Widespread Pain & Fatigue: Treat the Patient, not the Label	●	●	●	●	○	○
Pain Science/Musculoskeletal						
<input type="checkbox"/> Acute Pain Predicts Chronic Pain	●	●	●	○	○	○
<input type="checkbox"/> Chronic Whiplash Associated Disorders and Pain Science	●	●	●	●	○	○
<input type="checkbox"/> Evaluation and Treatment of Headaches - A Pain Science Approach	●	●	●	○	○	○
<input type="checkbox"/> Exam & Treatment of Cervical Radiculopathy & Neuropathic Arm Pain	●	●	●	●	○	○
<input type="checkbox"/> The Frozen Shoulder has a Brain	●	●	●	●	○	○
<input type="checkbox"/> The Neuroscience of Pain, the Brain, Athletes, and Sports Performance	●	●	●	●	○	○
<input type="checkbox"/> Treating Cervical Radiculopathy: An Evidence-Based Update	●	●	●	●	○	○
Pelvic Health						
<input type="checkbox"/> Pelvic Floor Post-Op/Pharmacology	●	●	●			
<input type="checkbox"/> Sexuality Considerations	●	●	●		○	
<input type="checkbox"/> Special Populations	●	●	●	●	●	
Sports						
<input type="checkbox"/> The Female Athlete	●	●			●	
<input type="checkbox"/> Sports Across the Ages	●	●			●	
<input type="checkbox"/> The Overhead Athlete	●	●			●	
<input type="checkbox"/> Introduction to the Tactical Athlete	●	●	○			
<input type="checkbox"/> The Tactical/Occupational Athlete	●	●			●	○
Other Specialties						
<input type="checkbox"/> Cardiovascular Considerations in PT	●		○			○
<input type="checkbox"/> Emphatic Lymphatics for the Orthopedic Therapist	●	●				
<input type="checkbox"/> Ergonomics Overview of the Office & Home Office	●	●	○	○
